48 West Young Street
PO Box 886
Morgan, UT 84050

MORGAN COUNTY GARBAGE – DIRECT PAY

It is necessary to have proper authorization in order to use direct pay for your garbage payment. Please indicate the name of your financial institution and whether you would like to use your savings or checking account for garbage payment. **Sign and date the form; attach a “voided” check to the form** and return to Shirlee Wilkerson, Morgan County Clerk’s Office, if in person, or mail to the address listed above. A pre-notification will be sent thru the system to verify all numbers are correct. If the pre-note trial is successful your account will be debited on the due date printed on your bill. You will not receive a billing once you are on direct pay. Please remember to write your payment in your check book.

A twenty five dollar (\$25.00) service fee will be charged to each customer’s garbage account for any direct pay transaction to a customer’s bank account having insufficient funds when the bank account is debited. Morgan County further reserves the right to terminate this direct pay service to any customer having insufficient funds when their bank account is debited.
