

# PRELIMINARY PLAT

## Application Packet

**NOTE: Separate applications are required for concept, preliminary, and final subdivision reviews.**

48 West Young Street, PO Box 886  
Morgan County, Utah 84050  
(801) 845-4015  
Fax (801) 845-6087

Dear Applicant,

This application packet has been developed as a means to assist you in understanding the application procedure and requirements when applying for **Preliminary Plat Subdivision** approval. Concept Subdivision approval is required prior to the submittal of this application. This packet includes necessary background information that you will need to prepare and file a complete submittal, and which will allow your application to be processed and reviewed in the timeliest manner possible. The following materials have been included in this application packet for your convenience:

- Preliminary Plat Application Form
- Affidavit Form
- Preliminary Plat Application Checklist
- Preliminary Plat Review Process Chart

Incomplete applications will not be accepted, receipted, or processed. In order to adequately process your subdivision request, the following materials will be required at the time of submission of your application:

- Preliminary Plat Application Form
- Signed & Notarized Affidavit Form
- All items listed on the Preliminary Plat Application Checklist (incomplete applications will not be accepted)
- Application & Processing Fees, as specified in the current Morgan County Fee Schedule
- Other supporting materials as applicable

Should you have any further questions regarding the application materials, process, or laws and ordinances governing subdivision petitions, please feel free to contact the Planning and Development Services Department at the address and phone number below. Pre-application meetings with staff are **strongly encouraged**. The Morgan County Code can be accessed via [www.morgan-county.net](http://www.morgan-county.net). Thank you for your interest in Morgan County, and we look forward to working with you very soon.

Sincerely,

Morgan County Planning and Development Services Department

**Preliminary Plat Application**  
 Planning and Development Services  
 48 West Young Street, Morgan, UT 84050  
 (801) 845-4015 Fax (801) 845-6087  
[www.morgan-county.net](http://www.morgan-county.net)

*Notice:* The applicant must submit copies of the preliminary plat plans to be reviewed by the County in accordance with the terms of the Morgan County Code. Once a set of preliminary plat plans are submitted, the plans are subject to compliance reviews by the various county departments and contracted staff, and may be returned to the applicant for revision if the plans are found to be inconsistent with the requirements of the County Code and all other applicable laws. All submitted preliminary plat proposals shall be reviewed in accordance with Title 8 of the Morgan County Code. Submission of preliminary plat plans in no way guarantees placement of the application on any particular agenda of the county land use authority. It is **strongly** advised that all preliminary subdivision plans be submitted well in advance of any anticipated deadlines.

# Preliminary Plat Checklist

*Plans shall be prepared by a qualified professional. Incomplete applications will not be accepted or held.  
All required items shall be submitted.*

## Location and Physical Information

Yes/No

\_\_\_\_\_ Is the subdivision exempt from the Wildland Urban Interface requirements? (Reference map on website)

\_\_\_\_\_ Is the subdivision (or portion thereof) in a Sensitive Area or Geologic Hazards area?

- Areas zoned A, AE, AH, and AO on FEMA Flood Insurance Rate Maps
- Areas with specific geologic units (see MCC 8-5I-040, and local geologic units map)
- Wetlands as defined by US Army Corps of Engineers
- Drainage channels subject to flash flooding
- Alluvial fans subject to debris flow

\_\_\_\_\_ Is the subdivision (or portion) in a flood plain?  
If yes, provide flood plain panel number:\_\_\_\_\_.

Current Zoning:\_\_\_\_\_

## Submission Requirements

Check

\_\_\_\_\_ Application Review Fee (see page 3)

\_\_\_\_\_ Noticing Fee (see page 3)

\_\_\_\_\_ Completed Notarized Application Form

\_\_\_\_\_ Mailing address list from the County Recorder's office of all property owners within 1000' of the subject property boundary, submitted on pre-printed Avery #5160 labels.

\_\_\_\_\_ Stamped legal size envelopes for property owners within one thousand (1000) feet of the proposed subdivision boundary.

\_\_\_\_\_ 4 sets of full-size plans (24" x 36") *folded* to no greater than 8½" x 14"; two sets of small plans (11" x 17") folded to no greater than 8½" x 11"; and electronic copies of all plat drawing in CAD format; all applicants who wish to submit materials in color for the staff packets shall submit eighteen (18) copies, with a maximum size of 11" x 17". Plans shall contain the following minimum information:

### • Cover Sheet

- Name of subdivision. Approval of the subdivision name shall be authorized by the Morgan County Recorder's Office. Said name shall not duplicate or closely resemble other recorded subdivisions, unless said name is a continuing phase of a previously approved plat.
- Name, home, and business address of the Developer.
- Name and business address of the project designer or engineer.

### • Vicinity Map (Separate from Preliminary Plat)

- Drawn at a maximum scale of 1:1000.'
- North arrow & name of subdivision.
- The nearest section tie.

- All significant natural and manmade features and existing structures within 200 feet of any portion of the proposed subdivision property line.
- The property boundaries of the proposed subdivision
- The names of adjacent property owners.

### • Certified boundary survey of the subject property, which meets State of Utah requirements, which also depicts all easements identified in the title report.

### • Preliminary Plat

- Preliminary Plat Content
  - Name of the Subdivision.
  - Name, home, and Business address of the Developer.
  - Name and business address of the project designer or engineer.
  - Drawn at a scale no smaller than 1"=100'.
  - North arrow on each sheet, pointing to the left or top of sheet.
  - A tie to a permanent survey monument at a section corner.
  - Topography at two foot intervals. One foot contours may be required by the County Engineer in particularly flat areas.
  - Layout with the names & widths of existing & future road rights of way, with proposed road grades.
  - Boundary lines of the subdivision with bearings & distances.
  - Existing zoning.
  - Total acreage and square footage of the entire property, and total acreage and square footage of property in each zone (where a zone line transects the property).
  - Total acreage and square footage of each lot, and total acreage and square footage of each zone on each lot (where a zone line transects a lot).
  - Location, dimensions, and labeling of other spaces including open spaces, parks, trails, & public spaces within 200' of the property boundary.
  - Location of existing and proposed manmade features including bridges, railroad tracks, roads and buildings within 200' of the property boundary.
  - Location & ownership of all adjoining tracts of land.
  - Proposed subdivision phasing plan and relationship to existing phases of development.

### • Grading and Drainage plans (may be combined with plat sheet, if approved by the County Engineer)

- Plan drawn to scale not smaller than 100 feet to the inch, showing the road and lot layout.
- Topography at two foot contour intervals
- North arrow and subdivision name.
- Areas of substantial earth moving, accompanied with an erosion control plan.

- Location of existing water courses, canals, ditches, springs, wells, culverts, and storm drains.
  - Location of any 100 year flood plain as designated by FEMA.
  - A storm drainage plan showing water flow directions, inlets, outlets, catch basins, waterways, culverts, detention basins, orifice plates, outlets to offsite facilities and off site drainage facilities planned to accommodate the project drainage. Drainage plans are to facilitate the 10 year storm event. More information can be found in MCC 8-12-230(c).
  - Show existing wetlands
  - Slope analysis which depicts all slopes greater than 15% and greater than 25% with distinct notation.
- **Utility Plan (may be combined with plat sheet, if approved by the County Engineer).**
    - Plan drawn to scale not smaller than 1"=100', showing the road and lot layout.
    - North arrow and subdivision name.
    - Show all existing and proposed utilities including: sewer, culinary water, well locations with secondary water, fire hydrants, storm drains, subsurface drains, gas lines, power lines, and street lights, television and telecommunications.
    - Location and dimensions of all utility easements.
  - **The applicant shall provide the following documents with the application:**
    - Three copies of a geotechnical report
    - A traffic report when required by the Planning Commission or County Engineer.
    - Preliminary title report, which specifically references the boundary survey and exactly matches the legal description of the plat boundary of the subdivision.
    - Service agreements from all proposed utility companies or providers.
    - Any necessary agreements with adjacent property owners regarding storm drainage or other matters pertinent to subdivision approval.
    - Maintenance agreements for subsurface drains serving the subdivision, if they are proposed or exist.
    - An agricultural impact analysis, on subdivisions which are contiguous to an adopted agricultural preservation area, or which contain an agricultural open space conservation easement within the plat.
    - Written verification of all proposed water sources. For all proposed water sources, provide approval letters from the Weber/Morgan County Health Department and proof of all water rights, including quantities (water rights certificates, etc.), for each well and water source to be utilized for the development.
  - **The applicant shall submit all information concerning site geology, area hydrogeology, site topography, and soil types.**
  - **The applicant shall submit evidence of proven wet water by:**
    - The drilling of at least one test well from within the described subdivision boundary, as determined by a geotechnical engineer, licensed in the state of Utah.
    - Well logs shall be submitted to the County identifying the depth and yield of the well.
    - Information submitted must verify that the source is consistently available to supply 800 gallons per day per equivalent residential connection at a minimum flow rate of 0.55 gallons per minute.
    - Water for irrigation supplies shall be verified to provide three GPM per irrigated acre.
    - If the proposal is being served by an existing water utility company, these requirements do not apply.
  - **Any additional submittal requirements required for or by Master Planned Development Reserves, specific Development Agreements, or requirements and conditions of other applicable ordinances or previous approvals, such as geologic hazards, sensitive area zone, flood hazards ordinance, etc.**
  - **Any other information the applicant believes necessary to present to the Planning Commission or County staff.**
  - **Electronic copies of all preliminary plat drawings in AutoCAD (.dwg) format.**
  - **The County Staff may require additional information to establish compliance with ordinances and submittal requirements before acceptance of the preliminary plat application**

Ordinances applicable to preliminary plat approval can be found in the following locations of the Morgan County Code:  
 MCC 8-5E: Sensitive Area District ● MCC 8-5I: Geologic Hazards Area ● MCC 8-12: Subdivisions  
 Please see [www.morgan-county.net](http://www.morgan-county.net) for links to these and other ordinances.
